

IN THE DRAWINGS:

Please replace the drawing sheet including Figures 1 and 2 with the attached Replacement Sheet including Figures 1 and 2. Figure 2 has been amended to add reference numeral 19 to refer to the head 19. The head 19 was recited in the amendments to the specification made in the last response (dated January 18, 2010): “Cap 18 and driver 22 sit on a head 19.”

Please replace the drawing sheet including Figure 3 with the attached Replacement Sheet including Figure 3. Figure 3 has been amended to add reference numeral 51 to refer to opening 51. The opening 51 was recited in the amendments to the specification made in the last response (dated January 18, 2010): “Cap 18 is further shaped to have an opening 51....”

Please replace the drawing sheet including Figures 7, 8, and 9 with the attached Replacement Sheet including Figures 7, 8, and 9. Figure 8 has been amended to remove reference numerals 52A, 52B, 52C, 52D. The reference numerals 52A, 52B, 52C, and 52D were removed in the amendments to the specification made in the last response (dated January 18, 2010).

Please replace the drawing sheet including Figures 10 and 11 with the attached Replacement Sheet including Figures 10 and 11. Figure 11 has been amended to add reference numeral 51 to refer to opening 51. The opening 51 was recited in the amendments to the specification made in the last response (dated January 18, 2010): “Cap 18 is further shaped to have an opening 51....”

Please replace the drawing sheet including Figures 12, 13, and 14 with the attached Replacement Sheet including Figures 12, 13, and 14. Figure 14 has been amended to: (1) add reference numeral 58 to refer to the first end 58 of the surgical saw blade, (2) to

add reference numeral 54A to refer to the first prong 54A, (3) to add reference numeral 51 to refer to opening 51, (4) to add reference numeral 26 to refer to the collar 26, and (5) to provide cross-section lines to the cap 18 as appropriate for this view. The first end 58 and first prong 54A were recited in the original specification. The opening 51 was recited in the amendments to the specification made in the last response (dated January 18, 2010): “Cap 18 is further shaped to have an opening 51....” The collar 26 was recited in the amendments to the specification made in the last response: “...a circular collar 26....” The cap 18 requires cross-section lines in Figure 14 to make it consistent with the other features, which are currently shown with cross-section lines.

REMARKS

Claims

Claims 30-49 remain pending in the application with claims 30, 37 and 44 being independent. No claims have been added, amended, canceled, or otherwise changed in any way as a result of this Supplemental Amendment. This Supplemental Amendment is being provided merely to submit Replacement Sheets.

Drawings

Please replace the drawing sheet including Figures 1 and 2 with the attached Replacement Sheet including Figures 1 and 2. Figure 2 has been amended to add reference numeral 19 to refer to the head 19. The head 19 was recited in the amendments to the specification made in the last response: "Cap 18 and driver 22 sit on a head 19."

Please replace the drawing sheet including Figure 3 with the attached Replacement Sheet including Figure 3. Figure 3 has been amended to add reference numeral 51 to refer to opening 51. The opening 51 was recited in the amendments to the specification made in the last response: "Cap 18 is further shaped to have an opening 51...."

Please replace the drawing sheet including Figures 7, 8, and 9 with the attached Replacement Sheet including Figures 7, 8, and 9. Figure 8 has been amended to remove reference numerals 52A, 52B, 52C, 52D. The reference numerals 52A, 52B, 52C, and 52D were removed in the amendments to the specification made in the last response.

Please replace the drawing sheet including Figures 10 and 11 with the attached Replacement Sheet including Figures 10 and 11. Figure 11 has been amended to add reference numeral 51 to refer to opening 51. The opening 51 was recited in the amendments to the specification made in the last response: "Cap 18 is further shaped to have an opening 51...."

Please replace the drawing sheet including Figures 12, 13, and 14 with the attached Replacement Sheet including Figures 12, 13, and 14. Figure 14 has been amended to: (1) add reference numeral 58 to refer to the first end 58 of the surgical saw blade, (2) to add reference numeral 54A to refer to the first prong 54A, (3) to add numeral 51 to refer to opening 51, (4) to add reference numeral 26 to refer to the collar 26, and (5) to provide cross-section lines to the cap 18 as appropriate for this view. The first end 58 and first prong 54A were recited in the original specification. The opening 51 was recited in the amendments to the specification made in the last response: "Cap 18 is further shaped to have an opening 51...." The collar 26 was recited in the amendments to the specification made in the last response: "...a circular collar 26...." The cap 18 requires cross-section lines in Figure 14 to make it consistent with the other features shown with cross-section lines.

Applicant believes the application is now in condition for allowance, which allowance is respectfully solicited. Applicant believes that no additional fees are due. However, the Commissioner is authorized to charge our Deposit Account No. 08-2789 in the name of Howard & Howard Attorneys P.C. for any additional fees or credit the account for any overpayment.

Respectfully submitted,

HOWARD & HOWARD ATTORNEYS P.C.
